Dear Mr. Roy:

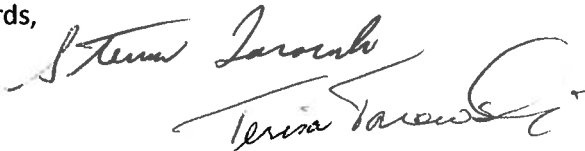

It is our pleasure to apprise you of our complete satisfaction working with your Realty Executives Broker – JC van der Walt. JC has demonstrated exemplary business acumen.

In late July, we were challenged with the prospect of being unable to find suitable rental accommodation and jumped streams to the idea of purchasing a residential property instead. Living in Regina, we were unfamiliar with Calgary demographics and the real estate market. We called our grandson Mike Yerhoff in Saskatoon asking him to refer us to an agent in Calgary. This networking resulted in a prompt phone call and an introduction from JC van der Walt.

JC was not daunted by our lack of being able to identify with what, where or even our price point. He was confident and skillful in identifying with us and guiding us to a great property well suited to our needs. We are extremely happy to be taking possession September 30, 2014 of 5133 17<sup>th</sup> Avenue NW, Calgary.

We believe JC to very knowledgeable of his profession, dedicated and goal oriented while serving us as his clients.

Regards,
